ML Series ML27/ML36

ML27

ML36

Our new ML Series exemplifies this philosophy in introducing a value-priced line that incorporates designs featuring precision-cut, pre-finished low-pressure laminate panels assembled with dadoed joinery to create quality product at a most affordable price point. If your needs dictate a more traditional lectern, look no further than our ML model, available in both 27" and 36" widths. A fixed shelf provides both convenient and ample storage for presentation materials, while four casters allow for easy mobility. A built-in sound system, task lighting, and locking doors are only a few of the many choices to select from to tailor the ML to meet your requirements. Choose from Fusion Maple, Wild Apple, Serene Cherry, and Graphite Nebula LP laminates.
